SIGHTSEEING

The city of Toledo, conquered by the Romans in S. II BC and declared a **World Heritage Site** by **UNESCO** in 1986, is a fantastic venue to enjoy your favourite sport at the time you step back in time while visiting a capital where by centuries Muslims, Jews and Christians coexisted.

Toledo is also known as "The Empire city", as it was the capital of the Spanish Empire at different stages until 1560. As a proof of that you can, between matches, wander around the convoluted and narrow streets in search of its magnificent monuments, finding that perfect corner for a picture, a terrace where you can enjoy a drink or just that place to find yourself.

OTHERS

Toledo is only one step away from Madrid (45 minutes away by road and 23 by fast train), offering all sort of amenities to our visitors, sportsmen and fans. World known museums like el Prado <http://www.museodelprado.es/>, Reina Sofía <http://www.museoreinasofia.es/index.html> or the Warner Amusement Park <http://www.parquewarner.com/> are only some indications of what to do if you want to make a one day excursion.

Finally, and for those who just love handball too much, you can always finish our tournament and join other handball tournaments, like Granollers Cup 2013, which will be held from June 26th to June 30th.
